This is the way the world ends Not with a bang but a whimper

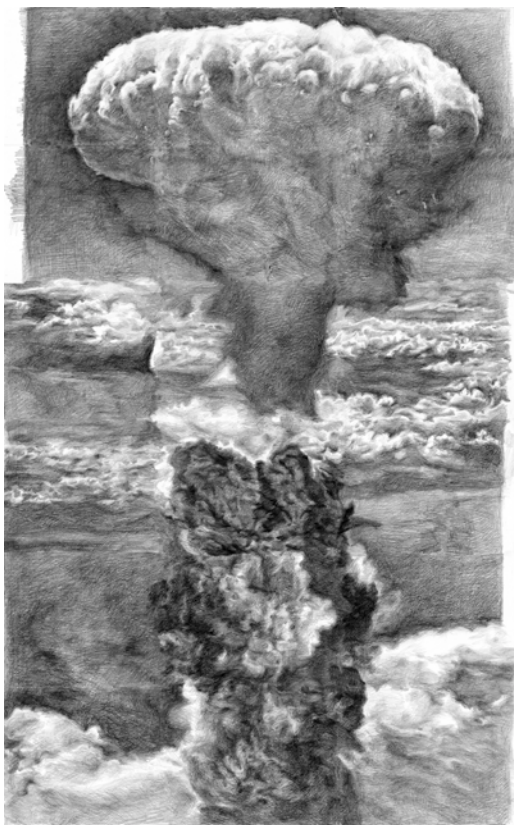

The tile wall installation with 455 tiles, each tile 20cm×20cm
Sound installation with 8 in-wall speakers

The tile installation

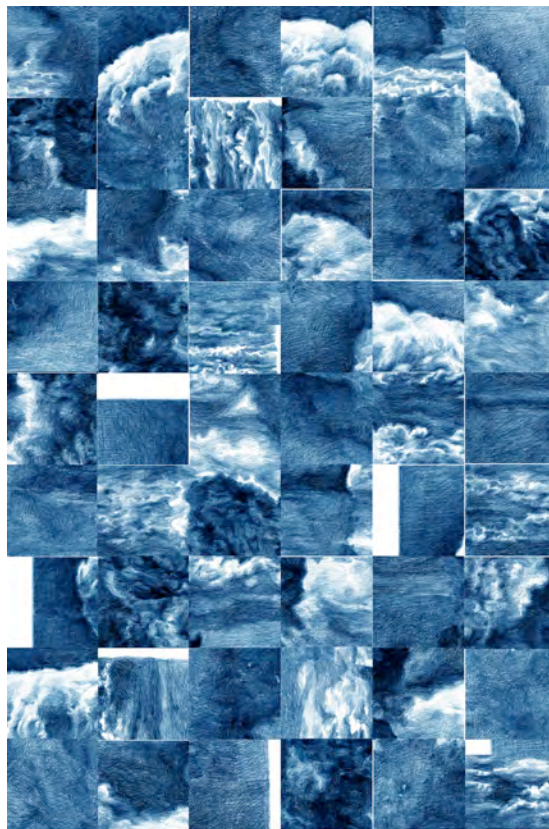

I make the wall installation covered by blue tiles.

Images of tiles are war explosion images drawn by pencil

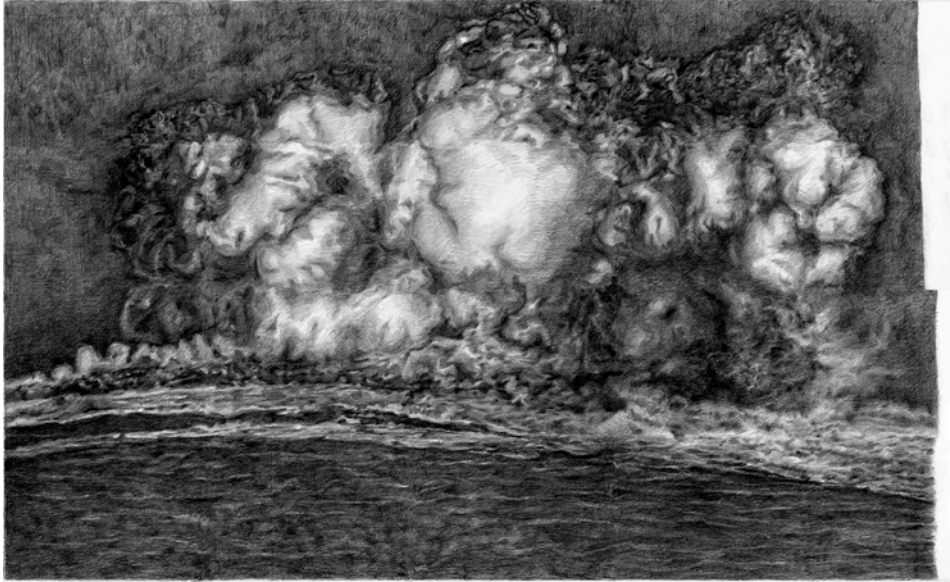

The explosion images are from World War II till recent wars, including Atomic bombing 1945
Hiroshima/Nagasaki, Rotterdam Bombing 1945, Korea War 1950, Gulf war 1990, and airstrikes of ISIS.

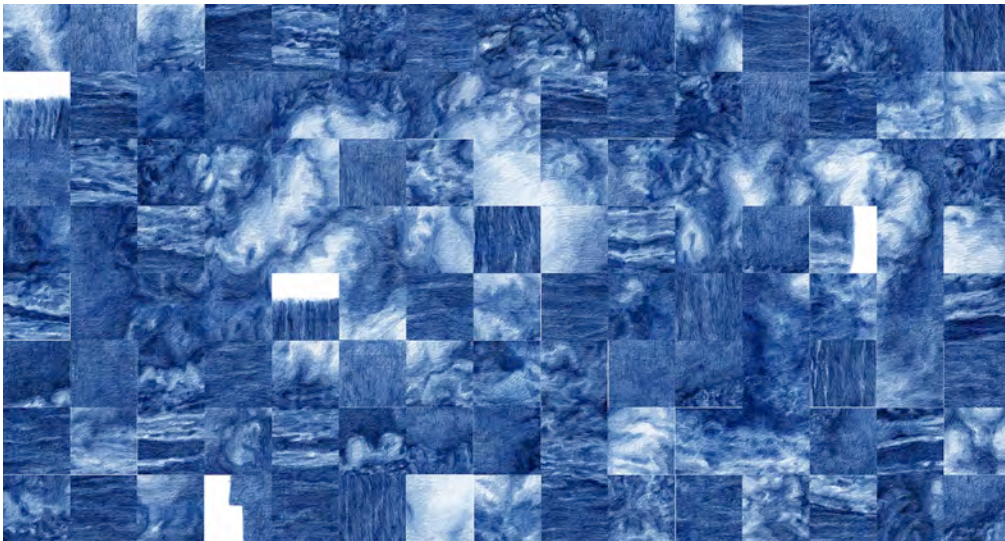

The pencil drawing of 1945 Nagasaki

The sound installation (on the tile wall)

I make the sound installation with 8 in-wall speakers installed on the surface of the tile wall. From the in-wall speaker, you can hear 'Greetings from Earth in 55 Different Languages' which electronically placed onboard the *'The Golden Record of Voyager 1'*, a spacecraft launched by NASA on September 5, 1977.
